Subject:

Request for increase of load for existing Electric Connection.

Dated:

05/11/2024

Sir/Madam

With reference to the subject cited above, I want to bring it to your notice that I have an existing Electric connection with load of 2KW. However the load at my building needs to be increased with the addition of home appliances.

In connection to this I have undergone a test analysis for the same and the Test Report of 14 KW for the same is submitted herewith.

Request you to be kind enough to do allow the upgrade to 3phase and 14KW connection.

Yours sincerely

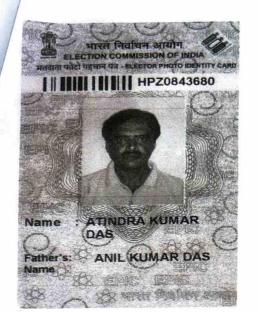

A-Dos
