F. No.8-20/2019-Genl./ 421

Dated: 26th June, 2024

To,
The Assistant Executive Engineer (Electrical),
Nongthymmai DSD, MePDCL,
Shillong -- 793014.

Subject: Request to lower the current demand/load to 2 KW in the residential quarters of this office-reg.

Reference: Your letter no. MePDCL/SD/AEE (NDSO)/R-20/2022-23/982 dated 09.06.23.

Sir,

With reference to the above-mentioned subject, it is to inform you that 12 nos. of separate prepaid smart meters which were installed in this office's residential quarters, the current load/demand for those connections were fixed at 4 KW (letter attached) which is causing higher demand of Fixed Charge and per unit Electricity Charge. As a result, the rates for electricity bills for those connections have increased twice or thrice than earlier.

Moreover, an application from the residents is also received by this office regarding the recent increase in the electricity bills(attached).

Therefore, it is a request to you to kindly look into the matter and to take further necessary actions to lower the current demand/load to 2 Kilowatt.

Thanking you.

Yours faithfully,

Office-in-Charge
NERC/ZSI, Shillong
