

**AGREEMENT FOR SUPPLY OF ELECTRICITY**  
**LOW TENSION**

AN AGREEMENT made this the 4<sup>th</sup> day of Dec 2024  
between M. Khongdup and his successor and assigns  
(hereinafter referred to as the Consumer) of the One Part The Meghalaya State Electricity Board and  
electricity distribution license under the Electricity ACT, 2003 and its successors and assigns  
(hereinafter referred to as the Board) of the other part.

**Note:** The Term 'consumer' includes an individual person (whether male or female), a body of person, a company, society, firm, association or organization.

**WHEREAS,** the consumer has applied to the Board for supply of electricity to its premises and the Board has agreed to give the supply under the terms and conditions hereinafter appearing.

**NOW, THEREFORE,** the agreement witnesses-

- (1). That the supply shall given to the premises located at ..... Mawlannong .....  
With the consumer as owner/occupier of;
- (2). That the supply shall be for the purpose of ..... Domestic ..... the  
load  
whereof shall not exceed ..... 1000 ..... watts (s);
- (3). The provisions of the Electricity ACT, 2003 and the Regulations, Code and Orders, including  
Tariff Orders, as may be made from time to time by the Meghalaya State Electricity Regulatory  
Commission shall apply and bind the consumer and the Board alike;
- (4). That the consumer shall regularly and timely pay to the Board all charges and may be due for  
the supply of electricity.
- (5). That the Agreement shall be for a period of two years and may be renewed for a further period:  
Provided that supply shall not be terminated by mere efflux of time if the consumer is  
willing that the agreement is renewed;
- (6). That the Agreement shall be terminated if the consumer on its part desires it so and gives to the  
Board a prior notice of not less than one month or, on the part, if the consumer has violated  
any of the terms and conditions of the agreement:

provided that on the part of the Board notice shall be given to the consumer stating the reasons for the proposed termination and giving him opportunity to state his case and his statement, if any, duly considered before the agreement is terminated and the supply of electricity cut off.

(7). That the terms and conditions of this agreement shall be effective from the date supply of electricity is commenced.

**IN WITNESS WHEREOF** the parties hereto have set their hands and seals the date, month and year first above written.

( M. Dasg ) ( P. Dasg )  
The Consumer For and on behalf of the Board

| (ii) 16 Amps   |                      |               |            |               |            |               |            |                            |
| 4. Electrical gadgets                                |                      |               |            |               |            |               |            |                            |
| (i) Water Heater (Geyser)                            |                      |               |            |               |            |               |            |                            |
| (ii) Refrigerator                                    |                      |               |            |               |            |               |            |                            |
| (iii) Air Conditioner                                |                      |               |            |               |            |               |            |                            |
| (iv) Others  |                      |               |            |               |            |               |            |                            |
| 5. Welding Transformer                               |                      |               |            |               |            |               |            |                            |
| 6. Motor   |                      |               |            |               |            |               |            |                            |
| Total  |                      |               | 1000       |               |            |               |            |                            |
| In case of load enhancement Existing load (in watts) |                      |               | 1          |               |            |               |            |                            |
| Total load in premises (in watts)                    |                      |               | 1000       | Watts         |            | or            | 1kw.       |                            |

Notes :-

- (a) Details of any apparatus (other than the above mentioned) should be given.
- (b) Rating of capacitor used in Induction Motor and Welding Transformer (Test report of capacitor is to be enclosed).

KVAR

II. Type of wiring: P.v.c looping system  
 III. Voltage and system of supply: 230V

IV. Test Result:

Date of Testing by Licensed Contractor: 04 12 2024

| Type of Test  | Result of test carried out by licensed contractor (in MΩ)/Ω | Result of test carried out by Supplier under relevant IE Rules, in (MΩ)/Ω |
|---|---|---|
| a. Insulation resistance between earth and whole system of conductor.       | 25 M Ω  |   |
| b. Insulation resistance between all conductors.                            | 26 M Ω  |   |
| c. Earth continuity between earth electrode and earth continuity conductor. |   |   |
| d. Polarity of non-linked SP switches.                                      | Pass.   |   |
