Dear Sir/Madam,

Please find attached herewith the details of the consumer who was disconnected in the year 2014 when the billing was still done in Bradma Ledger. The consumer was not migrated to the present billing system and has now been entered into the system through RR Docket but their outstanding and connection status has not yet been updated.

Therefore, I kindly request you to update their outstanding and connection status.

This is for favour of your kind information and necessary action.

With regards,  
AEE, TWDSO,  
MePDCL, Tura
